

COLOR THEORY

Color is an element of art.

Everytime I use color, I am creating a color scheme.

← This is a color wheel.

The most common color schemes are listed below.

Primary....

{ I can make all the other colors by mixing different amounts of primary colors }

Secondary....

{ I can mix two primary colors to make a secondary color. }

Warm....

{ Yellow and all the colors with red and orange tones are warm. }

Cool....

{ Violet and all the colors with blue and green tones are cool. }

Complimentary.... , , , , etc

{ Opposites on the color wheel are complimentary. }

Analogous.... , , , and so on.

{ Colors that are close neighbors on the color wheel are analogous. }

Rainbow...

{ Using primary and secondary colors placed in order from the color wheel, I can make a rainbow }

Intermediate.... is a color term I need to know. It is the

color in between the primary and secondary colors on the color wheel.
